JAVA FULLSTACK DEVELOPER

Skilled in Core Java, ReactJS, MySQL, JavaScript, HTML, CSS, JavaScript, J2EE, and Spring Boot with a passion for developing robust web applications. Eager to apply my knowledge in an entry-level position and contribute to a dynamic team.

Core Competencies

TECH SKILLS   Core Java, Spring Boot, ReactJS, JavaScript, J2EE, HTML5, CSS, Bootstrap, MySQL
SOFT SKILLS   Problem Solving, Time Management, Leadership
TOOLS   Eclipse, VSCode, IntelliJ IDEA, GitHub, Postman

Projects

HOSPITAL MANAGEMENT SYSTEM   **Aug 2024 - Sep 2024**
- A Hospital Management System using React.js, Spring Boot, and MySQL offers secure admin login, a dashboard, and patient management (CRUD). The responsive frontend communicates with the backend via RESTful APIs.

PORTFOLIO   **Jun 2024 - Jul 2024**
- Developed a personal portfolio website to showcase my projects, skills, and professional background. Technologies Used: React.js, HTML, CSS, JavaScript.

STUDENT REGISTRATION   **Jul 2024 - Jul 2024**
- A Student Registration System using Spring Boot, MySQL, and Bootstrap enables CRUD operations for managing student data efficiently.
